PARKING INFORMATION

VISITOR PARKING

A visitor parking area with parking meters is located by the Administration Building on College Oak Drive. The cost is 25¢ per 15 minutes. No student parking is permitted in the visitors area.

PARKING PERMITS & DAILY TICKETS

All vehicles on campus 7:00 a.m.–11:00 p.m. must display a semester permit or daily parking permit. Permits are not required during non-school days and weekends. For your protection, all vehicles should be locked and all valuables stored out of sight.

- Daily parking permits are \$1 and are dispensed from machines located in each parking lot. In case of machine malfunction, you may: 1) Purchase a permit from another machine; 2) Contact a college police officer for a one-day permit. Notes about machine malfunction will not be accepted.
- Semester permits. A parking permit is \$30 per semester—\$15 for summer session. A permit entitles the student to day or evening college parking, and is available from the Business Services Office located in the Administration Building. Remember that a parking permit does not guarantee a parking space. A parking permit entitles you to park on campus where and when space is available.

HANDICAPPED PARKING

Automobiles of students with disabilities (and persons providing transportation services to students with disabilities) must display a semester or daily parking permit as do other students. However, special parking spaces for disabled students are provided in all student parking lots. A placard issued by the Department of Motor Vehicles for persons with disabilities, or a distinguishing license plate for persons with disabilities, must be properly displayed on the vehicle. Temporary disability permits are available from the Health Center; if you are issued a temporary permit you must also display a valid semester or daily parking permit.

MOTORCYCLES

Motorcycle permits are \$15 per semester. Motorcycles may only park in designated motorcycle areas. Motorcycles may not park in regular student spaces.

TOW-AWAY

Vehicles parked illegally in red zones and vehicles parked so as to impede the flow of traffic on campus streets, lot entrances and driveways, in front of fire hydrants or in other areas where emergency vehicles might be hindered, may be subject to being towed away at owner's expense and inconvenience. Vehicles parked in staff or handicapped spaces are subject to tow-away.
